In the name of Allah the merciful the compassionate and prayer and peace upon the most honorable of the sent and hence... To my brother and fellow and dear and friend and companion of the path / Abu Hamzah Al-Muhajir (PH) may Allah grant him the highest rank of martyrdom and join me with him and Khallad (PH) and the beloved in the highest of paradises. Greetings upon you and mercy of Allah and his blessings,,, Truly my beloved companion I do not know how to start the last letter to you, I say the last letter because earth has constrained me with what it has given and I thought there is no shelter from Allah but through him...Yes last letter...Ah (lamenting) oh Hamzah, I write these words and tears have filled the eyelid, and Ah oh companion of life and companion of the long path, Ah oh companion Hammam (PH) and Sakhr (PH) and Hakeem (PH) and Ah oh friend Khallad (PH) and student of Ibraheem (PH), and Ah oh companion of the martyrs and student of the martyrs and friend of the imprisoned, Ah oh companion whom I loved for the sake of Allah more than myself. By Allah my brother I cannot believe my condition and what I go through, and by Allah I write this letter to you not knowing if it will reach your hand or not.

I began with this letter after my memories and sufferings began...Memories of childhood...Memories of separation...Memories of Jihad, migration and preparation...Thanks to Allah at any rate and the continuation of this condition is without a choice...Memories of Abu Hammam (PH) and Abdul Hakeem (PH) and Sakhr and Khattab (PH)...Memories of the camp "Al-Hofra" "Al-Maseerat" ...etc

Ah oh friend is this what separation is like...By Allah I did not expect it so, and by Allah I still remember the last moment I bid you farewell in Pakistan, and I still remind you that of the Seven that Allah covers with his shade in a day when there is no shade except his, Two men loved through Allah, gathered through him and separated through him, and as my father and my mother said Ah oh friend Khallad... Our tutor and our guide and our beloved in this path, and I still remember the days of the institute and the days of the migration...I ask Allah's acceptance.

I say...Whatever passed whatever happened the blood of our brothers will no go to naught, yes by God the blood of Abdul Hakeem (PH) and Hammam (PH) and Khabbab (PH) and Sakhr (PH) and any Muslim will remain to feed the soul of the martyrs...And I tell my brothers the heroes that passed away we by Allah Oh brothers will not fail your blood and will not forget your murder, and if Allah aids us we will kill their women as they

killed your women and will orphan their children as they orphaned your children...By God the blood of the Americans is not more valuable than the blood of Abdul Hakeem and the wife of Hammam is not below that of the wives of those infidel, and their sons and daughters are not worth more than the daughter of Abdul Hakeem and the children of Abu Hammam...

You have won my brothers and were taken martyrs by Allah...And Allah made liars of those who claimed you were not martyrs...and Allah made losers of those who betrayed you and forgot your blood..."And may Allah recognize those that believed and take from among you martyrs"...

My dear friend Hamzah (PH)...I write these last lines and I in between the American infidels and behind locks but whatever they did and however they schemed my spirit Allah willing will remain aloof and my intention strong, and to him, no Allah but him the more he increased the travails ..The more increased the steadfastness (and that is from Allah's generosity to me - we ask Allah from his generosity). If they judged me with life sentence then I am in the same group as Sheikh Omar Abdul Rahman (PH) and Ramzi Yousif (PH) and the hero Izmirai (PH) and Abi Hajir, and if they judge me with execution then this is what I wish and seek and with Allah's permission we will be of the group of Sayyed Qutb (PH), and Omar Mukhtar (PH)...And if they release me then I will kill them until I am killed...Departing unplanned and that is Allah's goodwill to us.

Page 3:

My generous friend...I wish that Allah gather me with you and my brother Khallad in high paradise with the brothers that preceded us...And I ask Allah to write the reward of our parents and release out detained brothers everywhere and Allah is behind every intention "Allah will not allow the Infidels a way over the believers"

Give our brother Al-Hoot (PH) and all our beloved greetings and especially my brother Talhah (PH).

The lord said "Do not mourn Allah is with us"
