First of all I'd like to start by mentioning how dis appointed I'm of what has happened. Any ways...

I'd like to meet you both but unfortunately every time I get out of my cell I have to strip my clothes so I choose to write instead of getting out of my cell because you know how sensitive I'm to these issues

I just would like to mention couple of things :-

- I know I did a huge mistake by lying about the knife, but that mistake no way should have change the / my situation dramatically.
- No body told me that I can't write letters! No body told me that I CAN'T destroy any thing that I write, I'm more than happy to sit down and discuss what I have written like gentlemen. Yes, I know that I were suppose to write any comments about the <sup>(VHS)</sup> media Tapes, but I was trying to be very specific because there were lots of info in those those tapes as you know.

- I'm unhappy about one issue, which is you abuse talked about developing a relation ship, so what I'm are know is that what kind of relation ship have we develop for the past half a year!! I have developed very close one but ofca what has just happened hurt it !!

P. 2

made there is a reason behind it, and as I said I'm more than happy to discuss every thing LIKE GENTLEMEN.

- if you or any of your Bosses thought that I was trying to hurt some body that is totally ~~too~~ Crazy!, because as I always told you that most of the guys that come on in this period of time have developed with them a strong relation ship, and there is no way that I would think of harming them. (ask

also as I always say that I didn't come here to harm any body and didn't spend almost seven months to run away, I could if I wanted to but that is NOT ME, And Not my Mental.

- I don't belong to this place, I don't deserve to be in this place, and there is no way in any Justice system in the world that can justify this.

- I still consider you guys friends, and I know what ~~happened~~ has happened is misunderstanding, and I still have hope the things will go back as they were and better, and I also carry responsibility of it.

- I would appreciate it if you show this letter to your Bosses and

and I'm hoping that I would get out of this place as soon as possible.

- I'm 20 years old, so please don't destroy my future, and all I think about now is my mother, father, little brother

- Sorry for the bad hand writing because you know they don't give good pens here.
